Richard McGill, President
Arizona SunRiders ATV Club
P.O. Box 5054
Quartzsite, AZ 85359

Dear Richard:

The Parker Area Chamber of Commerce would like to offer our support for the proposed La Paz Trail System that your organization has begun work on. The La Paz Trail System would provide an important resource for our Parker Visitor's Center, which has over 12,000 visitors annually. A comprehensive trail system with signage, along with maps of the trails would facilitate more responsible off-road usage and provide a vital economic boost to local merchants.

We are very excited about the La Paz Trail System project and we are willing to provide any support your organization requires to move this project forward. Responsible use of the Sonora Desert is important to our local economy and we must work together to ensure continued use of our off-road areas in La Paz County.

Sincerely,

Randy Hartless, Executive Director
